Training Tracker

Please use this table to track trainings that you complete as part of your Fellowship that are not part of eCornell Public Health Essentials. In your quarterly surveys, you will be asked whether you completed any trainings and whether they covered any of the following training categories:

Cultural competency; working with under served communities; social determinants of health; healthy equity; racial equity; racial justice; social justice; harm reduction (e.g. Narcan Training); emergency preparedness; vaccination and testing site: clinical, administrative and logistics support; epidemiology and data support; communication support; outreach and partnership development.
