CERTIFICATE TRAINING PROGRAMS – YEAR 1

CONSORTIA SAVE THE DATES

EDUCATION SERIES SAVE THE DATE

Next Educational Series Session:

- January 8th, 12 PM to 1PM
- Public Health Funding for Local Health Departments in New York State
- This presentation will provide an overview of funding for local health departments, with a focus on Article 6 State Aid funding, as well as a brief overview of local and state governance and budgets.

NYSPHC Educational Series

Educational sessions will take place on the second Wednesday of every month from 12-1 PM

The NYSPHC uses the NYLearnsPH Learning Management System (LMS) for the Educational Series. The LMS is a web-based tool designed to facilitate the registration and tracking of learners in competency-based courses for staff in state, local public health, and allied health agencies throughout New York. The LMS allows Users (Learners) to search an online Course Catalog, enroll in courses, complete online quizzes, and track their continuing education.

The New York State Public Health Corps (NYSPHC) Educational Series is open to all Fellows, Supervisors, and Mentors. The goal of the NYSPHC Educational Series is to provide participants with opportunities to expand their skill sets and knowledge on emerging public health activities, programming, and state priorities. The topics covered will be based on the 10 public health core competencies. Each Educational Series session will include a subject matter expert presenting on a topic related to the core competencies.

Each session will be 60 minutes long with about 40 minutes of content and 20 minutes of Q&A or discussion. Registrants will be provided with an agenda and learning objectives prior to the learning session.

Please contact your Fellowship Placement Coordinator if you have any questions or concerns.
